

## **City of Seattle Public Utilities Notice of Rule Revision**

Under authority of the Seattle Municipal Code 3.32.020 and 21.28.100, the General Manager/CEO of Seattle Public Utilities proposes to revise Director's Rule CS-310.6, Leak Adjustments, and requests the public's review and comment.

CS-310.6 establishes the qualification criteria and administrative process for issuing billing adjustments to retail customers' water or sewer utility bills due to certain water leaks.

The revisions to the rule include the following:

- Establish what is allowable for billing adjustments to sewer service bills due to leaks that do not enter the wastewater system;
- Clarify definitions of aboveground and crawl-space leaks, underground leaks, high and normal consumption, and retail customer;
- Clarify requirements for billing adjustments to sewer bills due to aboveground leaks that do not enter the wastewater system.

Copies of the draft are available for inspection or copying on request, and online at <http://www.seattle.gov/util/Documents/RulesandPolicies/index.htm>.
